Word #1

“So, come after Me with all your heart and you will see that I’m there, and I’m waiting on you to share the word with you and revelation to flow to you. And, as you begin to pour your heart out to Me and in that private time, as we begin to share with one another, you’ll begin to sense a new level of My presence upon your life. You’ll begin to sense a new level of My presence, and the presence will be strong, and the presence will be seen, and I will begin to manifest myself in thee. And, as you begin to speak, and as you begin to minister through My word, you will see and sense a different level of the anointing flowing through thee. For it’s always been My desire for My children to stay close to Me, but oh, so many things get us distracted, so many things vie for your time, so many things pull you away but make a decision that it will not be that way anymore. ‘I’m moving forward, I’m pressing in, I’m going to know My Father, oh, yes, I’ll put away those things that are causing me to be beset and to keep me out of Your presence.’”

Word #2

“And don’t put your attention on the media, don’t put your attention on what man says for I’ve already written in My word the outcome of where you’re at. I’ve already written in My word what you need to do. Don’t take your instructions from the media or from man, take your instructions from My word and you’ll see it will pull you through. For I’ve already said in My word that I’ll be the One to lead you out, I will lead you out of debt, I will lead you out of hurt, I will lead you out of sickness, I will lead you out of lack if you’ll only trust Me.”
