

Prayer Led By: Dr. Hattabaugh

Date: Thursday, 2-8-18

And you will not only see the angels begin to move in this congregation, but I'll begin to use the angels in the ministry of the children. And there'll be things and times and seasons, and there'll be demonstrations even in the children's church, and in the children's ministry, where they'll begin to move. Not only in this sanctuary, sayeth the Lord, but in every part of this ministry. As you use your faith and as you release them with your words, for they have desired and longed to bring to pass the things that you want to see. So, just keep your words right, keep fueling them with your words. For your words, released in faith, keep your faith strong. We thank You for that, Lord, we say, yes. We thank You for the angels that are moving in the youth department, that are moving in the children's department, that are moving in every department – in the nursery, in the 2 and 3, in the 4 and 6 – we just thank You for every part. We thank You that those angels are moving, and those angels have influence in those classrooms and we thank You, Lord. Hallelujah. We thank You for the increase in angelic activity in this church. We thank You, Lord, for the increase of angelic activity in this place. We thank You, Lord, that we will discern that, and we'll learn how to cooperate with them, in the name of Jesus. And not quench the Spirit of God but learn how to cooperate with them. Learn how to yield when they want to do certain things, in the name of Jesus. So, Lord, we thank You for the ministry of the angels. We thank You that they have a huge impact in what You want to do in Your plan. So, we embrace that plan and we embrace what you want to do, and we say, yes and amen. We say, yes and amen to the Holy Ghost, that the Holy Spirit will move in every service, that the Holy Spirit, we give Him opportunities to move. We give Him opportunities to do what He wants to do when He wants to do it, in the name of Jesus. We thank You for the precious Holy Spirit that you sent to indwell us, Father. We thank You, Lord, that we're learning to cooperate with Him and we're learning how to be better and more efficient in the realm of the Spirit. We thank You, Lord, for this wonderful church. We thank You for Church on the Rock, Georgetown. We thank You, Lord, that things are changing. We thank You, Lord, that we're in a new era, we're in a new place, in the name of Jesus. For we've come into a new room, sayeth the Spirit of God, and in this new room there's new equipment, in this new room there's new enlightenment, in this room there's new revelation, in this room there are things that you haven't seen before. Oh, sayeth the Spirit of God, there are so many things, oh, right there on the horizon, just right there on the horizon, not too in the distant future, but right there on the horizon. So, rejoice and be glad, sayeth the Spirit of God. Hallelujah. For your help has come, and your help is here, and He's always been here because He dwells on the inside of you. So, start using your words to declare. As you declare, you'll see. As you declare, you'll see. As you declare, you'll see. As you declare, you'll see. Hallelujah. As you declare, you'll see.
