

**Word Given By:** Dr. Hattabaugh

**Word Given To:** Church Body

**Date:** Prayer, Tuesday, December 17

Restoration, restoration, restoration! Hallelujah, there's coming a restoration. Hallelujah, a restoration of all things. Father, we thank You right now, 2020 will be a year of restoration. It will be a year of impartations. A year of impartation of wisdom and guidance. A year of impartation of knowing what to do. A restoration of things that have been stolen. A restoration of things that have been taken. A restoration of things that have been subtracted out of people's lives are being restored by the Spirit of God. Hallelujah, things are going to be revealed in the Name of Jesus. Things will be revealed, wisdom will come, direction will come. New businesses for 2020. New businesses that God will begin to speak to people to start new businesses. New businesses for this church, new businesses, new opportunities, hallelujah. Yeah, that's exactly what will happen, they are exiting the old and they are coming into the new. There will be new businesses that will flourish. There'll be new businesses that will start. There will be businesses that will begin to bring great increase, in the Name of Jesus. New opportunities, new opportunities, new opportunities to flow into the life of the believers, hallelujah.

I hear it Lord, a year of greater. It's going to be a year of greater, a year of greater than what you did in 2019. It's a year of greater but it's also an entrance into a new decade. It's an entrance into a new decade, from 20 to 30. Moving into a new era, moving into a new decade, hallelujah, in Jesus Name.

Oh, 2020 will set the stage. 2020 will set the stage for this next era. 2020 will be the entry into this new era, into this new decade of signs, miracles and wonders in a greater measure; in a greater measure that will come forth, in the Name of Jesus. There will be signs throughout the earth and different places where great moves of God will begin to open up and great moves of God will begin to happen in different places all over the planet. Oh, saith the Spirit of God, even in this place a new wave, a new wind of the Spirit, a new move of the Holy Ghost. A new level coming into the body, coming into this body, coming into a new level, a new increase, a new moving forward, a new stepping up in the Name of Jesus. A new freshness, fresh, freshness of ideas, freshness of the Spirit. A refreshing on the mental, a refreshing on the mind. A refreshing on our life. A strength coming to move us forward supernaturally by the Spirit of God, hallelujah, a new strength coming.

I keep hearing that in my spirit, new opportunities, new opportunities. Father I pray that the people that have the opportunities, they will have the courage to step out. They will have the courage to move forward in that, in what You've told them to do. New opportunities, new opportunities, new opportunities. Influence, influence, influence. A greater level of influence to this church. A greater level of influence. A greater exposure by the Spirit of God. A greater level of increase coming. A greater level of influence coming by the Spirit of God. Another level in the healing ministry. Another level in the things of the Spirit. Another level in the area of finances. Another level in the area of our body, hallelujah. In the Name of Jesus, coming up to a different level.

Oh, we thank You Lord we're not staying the same. We're coming up. We're coming into all that you have for us.
